

- **Begin Recording a Session.**
- Make sure your microphone (and if you feel comfortable, webcam!) works and is audible/visible to everyone.
- Make sure you can hear at least one other person!
- Load this slide on the screen for everyone to see! Interact with it somehow.
- Open the “Attendees” window. Speaker should check and announce what emoji **Pam** is showing, and the Chat Moderator announces what **Taylor** is showing.

- Enable *screen-sharing*, show us something fun, and come back to this slide.
- Switch to the next slide!
